

PrayerShop Publishing

Founded by internationally recognized experts in the Christian prayer movement, PrayerShop Publishing provides quality resources from prayer ministry veterans that enrich individual prayer lives and equip church leaders with new ideas and practical tools for developing praying people.

Prayer Shop Publishing is a publishing ministry focused solely on prayer. Every product we produce will take you deeper in your prayer relationship with Jesus Christ. Our primary vision with our products is to help churches become houses of prayer. We do that by discipling and equipping individuals in the aspects of prayer. We believe a praying believer is a kingdom believer who will be an asset to his or her local church.

We are the publishing arm of the [National Day of Prayer Task Force](#) and the [Church Prayer Leaders Network](#) . Our products include books, booklets, prayer guides, teaching DVDs and CDs, and resource kits.
