

Resources

Resources

If a prayer leader is to be effective in his or her role, than he or she will need good resources. The sections and pages under this section are designed to do just that—to help you review and determine what resources are available, to help train and disciple you with articles and idea resources, and to inspire you in your ministry.

We encourage you to spend time checking everything out. We especially encourage you to check out the Prayer Leader Central section.

Articles to Inspire You

Ideas to Grow Prayer
